Eisenhower Is Not Opposed To Have Name In Primaries

By MARVIN L. ARROWSMITH
WASHINGTON (AP)—President Eisenhower said today he has no objection to entry of his name in the New Hampshire or presidential primaries in other states. But said he still has not made up his mind whether to run for a second term.

Eisenhower told a jammed news conference—his first in Washington since his Sept. 24 heart attack—that he will announce his decision "as soon as it is firmly fixed in my mind."

He added: "I shall strive to see that it is based as to my best judgment on the good of our country."

Anticipating a barrage of political questions at this first Washington meeting with newsmen since last Aug. 4, Eisenhower came to today's conference with a prepared statement dealing with his political future.

Makes Official Reply
It was in the form of an official reply to formal notice that his name has been entered in the March 13 New Hampshire presidential primary, the nation's first.

It was a whopping victory in New Hampshire which gave Eisenhower his first big boost toward the Republican presidential nomination four years ago.

In addition to the New Hampshire primary, his name already has been entered this year in the one to be held in Illinois April 10.

Petitions by New Hampshire citizens entered Eisenhower's name in that state.

Grateful For Confidence
In his reply to formal notice of the action, he said he was grateful for their confidence and added: "I do not feel I should interpose any objection to such entry."

His statement dealt only with New Hampshire.

But later in the conference, Eisenhower said in reply to a question that he would take the same stand—that is, he would have no objection—to entry of his name in any of the state presidential primaries.

Adams County went "over the top" in its purchases of U. S. Savings Bonds during 1955, according to an announcement today from the U. S. Treasury Department.

The county's quota was oversubscribed, attaining 113.4 per cent in purchases during the 12-month period.

The year's quota was \$881,000. Purchases totaled \$999,481.

Only 16 other counties in Pennsylvania showed a larger oversubscription percentage. Adams County placed 17th in the state.

Total sales in Pennsylvania were \$461,980,936 against a state quota of \$463,700,000, an attainment of only 99.6 per cent of its quota.

The association will hold its April meeting at the Elks, July meeting at the Moose, the October meeting at the Eagles and next year's annual meeting in January at the American Legion home.

Principal activity each year of the four-year-old organization has been sponsorship of the annual Halloween festivities here, including the parade, window painting contest for youngsters and window decorating contest for merchants.

Discuss Money Raising
Cost of the Halloween program is about \$1,500 each year, according to the report of the retiring treasurer, C. David McCullough. Retiring President Dengler, in his report, said, "The Halloween program takes about three months of effort. Unfortunately the parade and contests do not just happen. Invitations have to be prepared and sent, the parade and other activities have to be lined up, judges secured, money raised, and a thousand arrangements, minor and major, made for items ranging from numbered cards for parade participants to paints for the window painting. That is one reason why

U.S. Plans Huge Worldwide Military Building Program

WASHINGTON (AP)—The Defense Department today asked Congress to approve a new, worldwide military building program to cost \$2,012,283,000, more than half of it for the Air Force.

The program, included in the 1957 fiscal year budget submitted this week, covers projects at 292 defense installations in every state except West Virginia, and at 42 in Alaska, Hawaii, Puerto Rico and the Canal Zone, plus eight foreign countries and Pacific islands.

One feature of the measure is provision for the sale abroad of 150 million dollars of surplus farm products to defray the cost of some new military housing overseas.

Proposed military building, including land acquisition, in the United States would total \$1,055,008,000.

California gets \$169,687,000 of the building money, more than any other state. Florida ranks second with allocations totaling \$72,669,000 and Texas is third with \$58,374,000.

Outside the continental United States, Alaska tops the list for new building with more than 44 million dollars. Hawaii is allocated \$6,824,000 and the Philippines \$32,008,000.

CHRIST CHURCH COUNCILMEN ARE ELECTED

Election of new council and revisions of the 1838 charter of Christ Lutheran Church highlighted the annual congregational meeting of the church Wednesday evening at 7:30 o'clock.

Newly elected councilman who will serve two-year terms are: Col. Edwin Johnson, Arthur Rice and Russell Schwartz. Re-elected councilmen are: A. W. Butterfield, Russell Campbell, Rev. Herbert H. Retiring councilman are: Dr. J. C. Donkey, L. S. Long and Dr. Kenneth L. Smoke.

150 Attend Meeting
Because of the outdated nature of the old 1838 church charter new bylaws were adopted. One change is the name of the church from Christ's Lutheran Church to Christ Lutheran Church. The currently adopted bylaws were prepared by Dr. A. R. Wentz and the Rev. Herman G. Stempfle Jr., pastor of the church.

Rev. Stempfle presided at the meeting at which 150 members were present.

Following the business meeting a social hour was arranged by the social committee: Mrs. Russell Campbell, chairman, Mrs. Robert Fortenbaugh, Mrs. Charles Smith, Mrs. Carl Ziegler, Mrs. L. S. Long, Mrs. Ralph Heim and Mrs. Charles Black.

TIMES EDITOR IS SPEAKER FOR TRILOGY CLUB

Paul L. Roy, editor of the "smallest daily in the world to be granted membership in the White House Correspondents' Association," told Upper Adams County's Trilogy Club Wednesday that newsmen assigned to President Eisenhower's Gettysburg "retreat" were unanimously impressed by the cooperation of everyone in the county.

"They said they had never covered an assignment where local residents were as helpful and hospitable as those they met in Gettysburg and Adams County," the Gettysburg Times editor said.

Roy addressed the group at the club's January meeting held at the home of Mrs. Henry Thomas, Biglerville Road.

Files Microfilmed
In explaining the Times' policy regarding coverage of news during the President's 37-day visit, Roy said that the newspaper used more Presidential copy and pictures than any other small daily in the world because of national interest in Mr. Eisenhower's progress in recovering from his September 24 heart attack.

A complete set of some recent Times pictures was presented to Mrs. Eisenhower "because she likes to keep all the good pictures she can get of her husband." They were taken by Hugh C. McIlhenny, assistant editor.

Roy said that Times files have always been open to historians, and added that because of the historical value of copies every issue has been microfilmed to preserve the original copies. The Times files begin with the November 19, 1800, issue.

"Since the Eisenhowers purchased their farm in 1950 our files have provided news correspondents with background material for current coverage," he added.

Hoover Scores Negro For FBI Attack; Demands An Apology

MEMPHIS, Tenn. (AP)—J. Edgar Hoover, director of the Federal Bureau of Investigation, has sharply criticized a Negro leader who says the FBI doesn't try very hard when probing a racial killing.

In a letter to Dr. T. R. M. Howard of Mount Bayou, Miss. Hoover said Howard should either give evidence or retract his "intemperate and baseless charges."

"I do not propose to permit false charges made against this bureau to go unchallenged," said the letter, made public last night by FBI regional headquarters here.

Reached in Los Angeles, Howard told the Memphis Commercial Appeal his statements were "based on reports brought to me by responsible Negroes in the various sections of Mississippi."

Hoover said he would make a more extensive statement after he received and studied the letter. He is president of the Mississippi Regional Council of Negro Leadership and the National Medical Assn. He has been out of Mississippi several weeks attending to NMA duties.

Hoover in his letter cited in particular Howard's publicized statement that:

JANET HAY IS PRESIDENT OF BABY BEEF CLUB

Janet Hay, 16, daughter of Mr. and Mrs. Walter Hay, Gettysburg R. 3, was elected president of the Adams County 4-H Baby Beef club Wednesday evening attended by 31 of the 33 members at the home of John Shank, Hanover R. 5. Miss Hay is in her third year of Baby Beef work.

Barry Breighner, Littlestown R. 2, was named vice president. He has been a member of the club for nine years. Evelyn Breighner, 16-year-old sister of Barry, was named secretary; Glenn Bentzel, New Oxford R. 2, news reporter; Robert Hay, Gettysburg R. 3, brother of the president, game leader and Ruthanna Nace, Hanover R. 5, song leader.

Twenty of the members of the club were members last year, 13 are raising baby beefs for the first time this year.

Hear Specialist
Reports by the six members who showed steers at the Pennsylvania Farm Show indicated the youngsters made a profit ranging from \$28 to \$103 on their animals when they were sold.

Thomas King, livestock feeding and management specialist from Pennsylvania State University, told the club members to "start early" in preparations for showing their animals. He suggested that the members begin scrubbing and brushing and leading animals three months before events such as the South Mountain Fair "so that they will look their best and act their best when on display." He urged use of appetizers such as molasses and variety in feeds. "Animals are much like humans. You like something different to eat from time to time, and so do baby beefs; you like some sweetening on your cereal and so do steers. If you want them to eat enough to gain enough to show a profit then you must do something to make their food palatable." He also emphasized "clean fresh water for you; steers."

He complimented the county group on "the rapid strides your club has made over the last several years."

WASHINGTON (AP)—A drivers' walkout kept Greyhound Bus service north and west from Washington tied up today for the second day, with no immediate break in sight.

The men quit work at 2 a. m. yesterday in protest against the discharge of driver R. H. Grossnickle of Hagerstown, Md., who had been involved in a fatal accident in Pennsylvania. Clark K. Dorsey of Baltimore, president of the Transit and Bus Workers Union local to which the men belong, said no charges were filed against the driver after a hearing in Pennsylvania. Grossnickle, fired Tuesday, had been driving for the company 14 years.

Dorsey called the stoppage unauthorized and said union officials were trying to get the men back on the job.

The drivers, however, went into "continuous union session" at 2 a. m. yesterday and stayed at it until just before midnight. The meeting was adjourned to this afternoon (1 p. m.) and the men said they would not go back in the meantime.

The company estimated 250 men were involved and union sources said the figure was about 400.

Company officials said the buses were moving north of Baltimore on runs toward New York and Philadelphia, but routes west of Baltimore toward Harrisburg and Pittsburgh were tied up.

Each succeeding year has boosted the total which exceeded the 40 million dollar mark for the first time in 1942.

Nine of the 13 banks in the county reported increases in 1955. All had shown increases in 1954.

NEW LIVESTOCK GRADING ASKED BY COMMITTEE

Grading for livestock similar to the grading that now takes place for fruits was suggested by the Adams County Livestock Committee at a meeting Wednesday at the court house.

The committee is one of several sub-committees set up this year by the Adams County Agricultural Extension Association executive committee to discuss needs of farming in the county and plan for programs over the next several years to help farmers meet those needs.

A similar meeting was previously held by the dairy committee. The livestock committee in addition to its session Wednesday, plans several additional meetings during the year.

Livestock is now sold on the markets nearby without particular regard to specific grades. The committee suggested the establishment of specific grades and federal inspectors, similar to those now employed in fruits, to determine the exact grade of livestock before they are offered for sale.

Recommend Feed Study

Further study was recommended on feeding costs, particularly between home grown grains and commercial mixes. The committee recommended meetings and study on "feed supports versus livestock supports." Increased efforts on 4-H livestock programs was also recommended. Plans were made for a livestock day, February 2.

Walter Hay, Gettysburg R. 3, served as chairman of the committee. Other members included: A. B. C. Williams, York Springs; Paul Reaver Jr., Gettysburg R. 2; Graham Lovejoy, Biglerville R. 2; R. E. ROBERT NEARY

(Continued from Page 1)

We hope to secure even more members for committee activities this year. An event such as the Halloween program must grow bigger each year and this year we want to do an even better job than last year.

Much of the discussion Wednesday night was on the question of whether all clubs should join in putting on one large money making program to pay for the Halloween program or whether each club should assume responsibility for \$300 of the total cost and raise the fund either from its own resources or through events held within the club. Club representatives at Wednesday's dinner were asked to contact their organizations and report back in about a month on which plan would be preferable.

The motion picture "A Story of Gettysburg" made by the Chamber of Commerce and Travel Council was shown at the end of the meeting.

Besides the county bridges, 30 township bridges have been taken over by the highway department. Raymond L. Wisler, superintendent of maintenance for the department in Adams County, announced today.

Action of the state highway department in taking over the 34 county bridges leaves approximately 40 other county structures still under jurisdiction of the commissioners. Besides the 30 township spans taken over by the department there are approximately 19 others.

In Cashtown all women property owners were at one time members of the fire company.

Today's Talk

IDLERS

Idlers are not, as many suppose, mere drones in a swarm. Often they inspire the world as actual keepers of the hive! I have a book on Walt Whitman that its author called "The Magnificent Idler." I bought and read the book because of its title!

Robert Louis Stevenson wrote a beautiful essay which he called: "An Apology For Idlers." A most interesting piece of writing. In it I came across this statement: "A happy man or woman is a better thing to find than a five-pound note. He or she is a radiating focus of goodwill, and their entrance into a room is as though another candle had been lighted!"

Anyone can be called lucky over the gift of many companions. In their idleness they have eyes with which to see what blind men cannot, and their engagement in good talk is something that is not for sale in the marketplace. Hazlitt, the English writer, Charles Lamb, Oliver Goldsmith, and so many others were largely idle men, but who put precious moments into those periods of idleness.

Can you imagine what sheer idleness could do to over-busy business men, and many another tied up with fears and worry and no relaxation and change of scene? I once had a friend whom I greatly admired because of his idleness which he spent in haunting old bookshops for small items of merit. He didn't need the money. He just liked to play!

No one will dispute the great gain that comes to the onlookers at a baseball or football game, or any other like event. Such onlookers are idle — but plenty noisy — and happily so. I quote again from Stevenson: "Pleasures are more beneficial than duties because, like the quality of mercy, they are not strained, and they are twice blessed."

Tomorrow Mr. Adams will talk on the subject: "The Outlook"

Just Folks

HUMANS ARE SLOW TO LEARN

A poet once wrote of a bride who hid
In an oaken chest with a snap-lock lid.
They searched through the castle, high and low,
But never could find where she'd thought to go.
Although this happened in times gone by,
In boxes and chests still children die.

Will we never learn that chest and box
Are equipped with dangerous springs and locks,
And many a child who has gone to hide
Before being discovered alone has died?
That hide and seek can be dangerous play
If a lid or a door snapped shut can stay?

The unused chests and the worn-out box
Should never be left with their deadly locks.
They should never be carelessly put outside
Where children in them will run to hide.
But it's happening still, as we sadly know,
As Bayly the poet told long ago.

FIND KIDNAPED GIRL, 7; ARREST ITINERANT MAN

MESA, Ariz. (AP)—A 33-year-old itinerant was arrested yesterday shortly after 7-year-old Carla Hixon, kidnaped on her way home from school, was found battered and bleeding in the desert.

County Atty. William P. Mahoney Jr. said in Phoenix he planned to charge the man, Wayne Vance Taylor, with the abduction. The child, who was found unconscious under a bush about eight miles northeast of here, was reported in serious condition.

He Can't Remember

Mahoney said Taylor admitted he picked the girl up in his car Tuesday afternoon but claimed he could not remember what happened later. The county attorney said Taylor probably would be charged with kidnaping, aggravated assault and grand theft.

A doctor at the hospital where the girl was taken said an examination showed she had been sexually molested.

Taylor told officers he had been living in a car.

Sheriff Cal Boles said Carla regained consciousness shortly before Taylor was arrested and described her assailant.

"He wanted to pick me up and take me home," she said. "I didn't want to get in the car. Then he hit me ... and dragged me into the car. Then he took me to the desert."

May Begin Search Of Tanker Ruins Today

LAKE CHARLES, La. (AP)—Doctors and refinery workers may step on the charred, smoldering decks of the oil tanker Salem Maritime today to search the ashes for the remains of more than 20 missing seamen.

A spokesman for the Cities Service Oil Co., which owned the tanker that exploded late Tuesday night, said the on-deck search would begin if the flames died down as he expected.

So far, according to Dr. J. W. Crookshank, Cities Service medical director, searches have taken from the Calcasieu River "three almost whole bodies and enough pieces to make about 2 1/2 more."

He guessed 19 other seamen were unaccounted for, but gave no identification.

ISRAEL-ARAB EARLY PEACE IS HELD VITAL

By JOHN M. HIGHTOWER

WASHINGTON (AP)—U. S. and British officials have agreed it is vitally important to make peace between Israel and the Arab states in the next few months.

A joint effort to strengthen the whole Middle East against Russia's cold war offensive may take the form of a declaration of hope for peace by President Eisenhower and Prime Minister Eden when they confer here at the end of the month.

Preliminary to those sessions, officials of the State Department and the British Foreign Office are winding up today an intensive study of Middle Eastern problems.

Seek Negotiations
It appears a maximum effort will be made to bring the Israeli and Arab governments, particularly Egypt, into negotiations.

Some of the officials feel the best hope of peace lies in the next few months, since the military balance between Israel and the Arab states has not yet been seriously upset by the flow of Communist arms from Czechoslovakia to Egypt.

Make Some Progress
The Israeli government is deeply concerned over growing Egyptian military strength. Egypt, on the other hand, needs peace to undertake extensive economic development, a great new dam on the Upper Nile at Aswan.

Western officials said progress is being made toward ironing out difficulties in the way of Egypt's acceptance of a British-American offer to help get the dam started.

Premier Gamal Abdel Nasser, organizations, town clean-up campaign, and organization of a Boy Scout Troop.

The Entertainment Committee for the next meeting will be the Program-Education Committee composed of George B. Inskip, Dean Lemon and Edgar Glenn. Part of the entertainment will include club members attending the Fairfield vs York Springs basketball game to be played on the home floor.

"What Makes Classes Click?" was the topic discussed at the Sunday School Worker's Conference Wednesday evening in the Lutheran Parish House.

First AEC Test In Series On Wednesday

LAS VEGAS, Nev. (AP)—The first in a series of Atomic Energy Commission tests was conducted yesterday. It was presumed a small atomic device was detonated, but the AEC declined to disclose the nature of the explosion.

No atomic cloud was visible in Las Vegas, 75 miles southeast. The tests have been delayed several times because of weather. The AEC is trying to determine the sensitivity of atomic devices to accidents during storage or handling.

CLEANING STOPS CLOTHES MOTHS

Clothes moths are always ready to attack and the best defense against them is cleaning.

Miss Florence Finger, extension home economist, Adams County, gives these housekeeping practices as effective ammunition.

Use the vacuum cleaner periodically for thorough cleaning of furniture, carpets, floors and woolen or silk wall coverings. This destroys all eggs and other stages of moth growth, and removes accumulated lint from cracks and corners.

Be sure to clean areas under furniture that is seldom moved. The inside of closets are a favorite hiding place of the moth, so keep closets clean.

Dry cleaning or washing destroys clothes moth eggs and larvae. But neither prevents re-infestation.

Also effective in destroying eggs, larvae and adult moths are sunning and brushing of clothes.

Clothes that are worn frequently aren't often attacked. For materials stored away, these practices help prevent damage. Store freshly washed or dry-cleaned clothes in plastic or paper bags and boxes with tight-fitting covers.

Household DDT will destroy all stages of moths that come in contact with it. Under ordinary conditions, two applications a year are enough. Most fabrics can be sprayed lightly without injurious effects. If the DDT is allowed to dry before the clothes are stored.

strenuously objected to some terms of the original Western offer. U. S. Ambassador Henry Byrd, who returned to Washington, is understood to have succeeded in having the terms modified.

U.S. Is Building Electronic Brains As Air Defense Aid

By ELTON C. FAY

AP Military Affairs Reporter
LEXINGTON, Mass. (AP)—The United States is pushing the building of electronic brain - nerve centers to meet the present threat of potential enemy bombers and the future menace of long-range missiles.

Under test at the Lincoln Laboratory here is the prototype of an eventual chain of such units—in which computing machines, radar warning systems and communication networks will provide, automatically and almost instantly, information needed for waging air battles.

Officials of the laboratory, run by the Massachusetts Institute of Technology, said work on other centers will be carried on, even though operation of the first unit still is in test stage. They told visiting reporters the "critical nature" of defense needs required immediate start on other installations.

Has Memory Tube

The laboratory, under contract with the Air Force, has developed the complex system called "SAGE"—named from the words "semi-automatic ground environment."

It is a system built around a new type of electronic, digital computer which, among other features, can store up statistics in its "memory" tube and feed them out at split-second speed to provide answers.

The computer, operating at a

rate termed "hundreds of thousands of times faster than man," receives information flashed from radar stations on the ground, on ships, in the air and on offshore towers.

To Cost Billions

A commander at SAGE system sector headquarters thus would have before him a constantly changing picture of the course of a battle between invading bombers and interceptor planes, anti-aircraft guns and anti-aircraft missiles like the Army's Nike.

The SAGE system, when fully operational, not only will receive information and recommend procedure to commanders. It also will steer interceptor planes to approaching enemy bombers, and, after the "brain" has decided everything is ready, it will fire the missiles or rockets of the interceptors.

Cost estimates for building a continental system range from "more than a billion dollars" to two billions or more, as given in congressional committees.

Mississippi's population declined 24 per cent between April 1, 1950, and July 1, 1954.

Hanover Opposes Warriors Here Friday; Biglerville Wrestlers At Home Tonight

A pair of teams who have found considerable trouble winning in the South Penn Basketball League after turning in fine pre-league marks will clash here Friday evening when the Gettysburg High Warriors entertain the Hanover High Nighthawks.

Coach George Forney's outfit won four straight before dropping as many league games, their last outing being particularly disappointing in losing at Waynesboro 69-44.

Hanover had been one of the pre-season favorites for the league title and turned in an 8-1 mark before inaugurating the South Penn campaign. The Hawks, coached for the first time by Bernie Thrush, have failed to click in the expected manner despite the presence of such veterans as Bob Forry, league scoring record holder, Howie Pratt, Larry Zumbum and Ray Cromer, plus Carl Klinedinst, reserve division scoring champion last year who has been scoring heavily with the varsity this season. "The Hawks have only a victory to show over Waynesboro against setbacks at the hands of Middletown, Carlisle and Chambersburg."

Friday's varsity contest will be preceded by the jayvee preliminary game at 6:45.

The most important game on the league schedule Friday night will be between Chambersburg and Middletown, each 4-0, at Middletown. Carlisle, also 4-0, should win handily over invading Waynesboro, 2-2, while Hershey, 1-3, is favored over visiting Mechanicsburg, 0-4.

Canners Unbeaten
Bill Krebs' Biglerville High School wrestlers have an important Section II engagement at home this evening at 7:30 o'clock with Central Dauphin. Biglerville is currently tied with Shippensburg for the lead with a 2-0 record.

Central Dauphin is 1-1 in league action. Biglerville has an unbeaten record for the season, having pinned Hanover in addition to league triumphs over Carlisle and Bolling Springs.

Other Section II meets tonight include Mechanicsburg at Carlisle, Newville at Bolling Springs, and Susquehanna at Shippensburg.

Boys and girls will play in the Adams County League Friday evening.

NFL DRAFTS 360 COLLEGE MEN

LOS ANGELES (AP)—National Football League coaches and executives have tapped the college ranks for 360 players, most of them eligible for service next fall, and some for delivery in 1957.

The UCLA Bruins topped the colleges with 11 players drafted, but three of their top stars, fullback Bob Davenport, end Ronnie Loudd, and fullback Doug Peters, have indicated a preference for the Canadian league.

Here are the players selected by the Pittsburgh Steelers and the Philadelphia Eagles in the late rounds of the draft:
Pittsburgh—Gene Martel, Notre Dame tackle; Ray Di Pasquale, Pittsburgh back; Peter Neft, Pittsburgh quarterback; Bryan Engram, Texas Christian end; William Sweeney, Xavier guard; William De Graaf, Cornell quarterback; Wes Thompson, Alabama tackle.
Philadelphia—Jack Adams, San Jose State tackle; Joe Miller, Cincinnati halfback; Chester Spencer, Oklahoma A. & M. end; John Parham, Wake Forest halfback; John Grogan, Dayton tackle; Earl Lunsford, Oklahoma A. & M. halfback; Alvin Elliott, Alabama tackle; William Strawn, Western Kentucky center; Robert Hughes, Mississippi Southern quarterback; Joe Ulin, San Jose State back.

DETROIT TIGERS UP FOR SALE BUT THERE'S NO RUSH

DETROIT (AP)—The Detroit Tigers' franchise—considered one of the finest in baseball—remains up for sale, but President Spike Briggs said today it won't necessarily go to the highest bidder.

Nor is it essential that the club must be sold by a fixed date.

"A lot of people think that whoever makes the highest bid will get the Tigers," Briggs said. "That's not so. There are other factors to be considered—factors which we (trustees of the Tigers) consider important."

"We don't want to sell out to some money-mad people who will milk the franchise dry in two or three years, make a big profit and then pull out, leaving a depleted ball park and nine old men on the field."

Bill Veeck's Name Up
The trustees of the Tigers are Briggs and his four sisters. Their children are the eventual heirs to the estate left by the late Walter O. Briggs Sr., Tiger president who died in 1952.

The sisters decided that a baseball franchise was not a sound trust investment and decided to sell out. Briggs formed a syndicate to buy the club last fall but his \$12 million dollar offer was turned down by his sisters.

He said the name of Bill Veeck, former owner of the Cleveland Indians and St. Louis Browns, keeps popping up.

"Several of those who have inquired into the sale of the club have mentioned Veeck's name," Briggs said. "It seems odd to me that he should be mentioned by several groups, and not just one."

NORTH CAROLINA GETS REVENGE OVER N. C. STATE

By BEN OLAN
North Carolina pulled off one of the year's biggest basketball upsets last night.

The Tarheels, using only one substitute and he didn't score, gained sweet revenge by whipping third-ranked North Carolina State 73-69. The Wolfpack had walloped North Carolina 82-60 in the finals of the Dixie Classic last month.

The Tarheels now have a 13-2 record for the year and their league-leading Atlantic Coast Conference mark is 8-1. Coach Frank McGuire's lads were No. 5 in the latest Associated Press poll.

Dayton Wins Again
Dayton, the nation's second-ranked team behind San Francisco, continued unbeaten by walloping Villanova 71-50 for its 13th victory of the campaign.

In other games, Louisville, No. 10, dumped Memphis State 85-75. St. Louis beat DePaul 89-71. West Virginia defeated Pitt 84-70. Georgia Tech knocked over Furman 85-75 despite Darrell Floyd's 36 points. And Columbia trampled Yale 80-54 in an Ivy League tilt.

Lennie Rosenbluth, North Carolina's sharp-shooting junior, led his team with 23 points although high man for the night was State's Ron Shavlik with 26. The Wolfpack, who are 12-2 for the season, almost tied the game in the closing seconds but Carolina's Jerry Vayda deflected hard-charging Vic Molode's driving layup shot which would have made it 71-71.

Exams Come Next
Midyear examinations will leave first place in the ACC unchanged until Feb. 4 when the Tarheels take on Duke's Blue Devils, who are runners-up with 6-1.

Dayton's Flyers had some trouble from Villanova's zone defense early in their game, but they forged ahead 13-12 and never were headed. Bill Uhl of Dayton paced the scorers with 19 points.

Louisville had to come from behind to pick up its 14th victory in 15 games. Trailing 21-13, Louisville capitalized on its superior height and a series of field goals by Charles Tyra, Jim Morgan and Herb Harrah to forge ahead 47-41 at the half.

Grady Smith was the big gun as St. Louis grabbed a 22-2 lead over DePaul and breezed in. He wound up with 29 points.

FIGHTS LAST NIGHT
SAN FRANCISCO—Sandy Saddler, 126, New York, stopped Flash Elorde, 125, Manila, 13. (Saddler retained world featherweight title).

Taneytown Nips Brethren Service

The Taneytown Alumni dribblers chalked up another victory Wednesday evening by defeating the Brethren Service Center of New Windsor 89-81 at Taneytown.

SIHUGO GREEN DO-EVERYTHING MAN FOR DUKE

By WILLIAM A. SWARTWORTH
PITTSBURGH (AP)—In this day of the outsize basketball performer, spring-legged Sihugo Green of Duquesne—a "mere" 6-2½—more than holds his own with consummate all-around court skill.

The poised and polished senior is the Dukes' "do-everything" guy. He's their top scorer, rebounder, playmaker and defenseman.

Last season, playing forward, Si led the Dukes in scoring with 551 points, an average of 22 per game, that stands as a Duquesne season record.

Green was forced to undertake the do-everything role following the graduation of Dick Ricketts, All-America 6-7½ center.

Ordinarily an outside man, Si has been playing inside at center for lack of a big man who can handle the position. Playing out of his normal position doesn't seem to have bothered the versatile and speedy Negro who is an outstanding All-America candidate.

Coach Duddy Moore, well aware that Green is the team's moving force, has been urging him all season to shoot more. Si, essentially a team player, has been a little reluctant. But still has 337 points in 14 games.

Hails From Brooklyn
"Si justly deserves to get his name in the record book. I have had a hard time convincing him that he should shoot and score more than he does," Duddy considers Green one of the most perfectly coordinated athletes he's ever seen.

Green, who hails from Brooklyn, N. Y., says he'd "like to take a crack at pro ball, preferably with an eastern team so I'll be close to home."

TOP GAMES ON SCHOLASTIC WEEKEND LIST

HARRISBURG (AP)—First class games capture scholastic basketball attention on the upcoming weekend.

Heading the slate of contests is the Chester-Lower Merion clash Friday. Chester is seeking its 13th consecutive win of the season in hopes of gaining another eastern title and a crack at the state championship.

In another top game Hazelton travels to Allentown to meet the undefeated Canaries. The Birds are rated a prime favorite for the Dist. 11 crown, but Hazelton is always a strong and bitter rival.

In the central state area contests in two loops figure to attract top interest.

Reading Vs. Steelton
In the Central State League, State College and Renovo clash in a game for the circuit lead. Defending loop champ State College has dropped only one game this season—an exhibition contest.

In the Central Penn League, circuit-leading Reading tangles with tough Steelton in the top game.

Top game in the west pits Alliquippa, undefeated in Dist. III play Elorde, 125, Manila, 13. (Saddler retained world featherweight title).

MOUNTAINEERS TOP BALTIMORE CAGERS 105-68

Mt. St. Mary's encountered little trouble in winning its fifth straight Mason-Dixon Conference game to strengthen its grip on first place by outclassing the Baltimore University cagers 105-68 Wednesday evening at Emmitsburg.

The Mounts took the lead at the start and within 15 minutes had piled up a 34-16 lead which was pushed to 44-29 at half time.

Bert Sheing featured the first half attack with a series of one-handed set shots with Jack Sullivan driving through for his baskets. Bill Stanley served as the playmaker.

Five straight goals from the floor to open the second half rocketed the score which went to 65-34 after five minutes.

Reserves Score Heavily
Although Coach Jim Phelan poured his reserves into the game, the Mounts kept up their scoring barrage and midway in the half the score stood 79-47.

Sheing topped the Mountaineer scoring with 24 and was closely followed by Jack Sullivan with 22. Stanley, George Donohue, Fran Smith and Joe Sullivan each added 10.

Roger Moyer tabbed 24 for the Bees and Bill Hartlieb connected for an even dozen.

Clash Of Unbeaten
The victory sets a perfect stage for the Mount-Loyola clash at Emmitsburg Saturday night. Mt. St. Mary's leads the conference with a 5-0 record while Loyola is 3-0.

Coach Phelan's team is now 9-5 for the entire season. Baltimore has a 2-5 conference record and 6-8 season mark.

SANDY SADDLER WINS BY TKO IN 13TH; HAS PLANS

By CHRIS EDMONDS
SAN FRANCISCO (AP)—Ringside Sandy Saddler, his world featherweight crown still intact although somewhat battered, set his sights today on a crack at the lightweight title.

The 32-year-old Saddler, trailing by one point on all three official scorecards after nine rounds, retained his 126-pound championship with a technical knockout of Filipino Flash Elorde in 59 seconds of the 13th round last night. Referee Ray Flores stopped the scrap, a bloody melee in the final rounds, because of a long, deep cut over Elorde's left eye.

The game little challenger, who weighed 125 pounds to Saddler's 126, suffered the cut in the eighth round and appeared virtually blinded the rest of the way. He insisted, though, that he could have gone on.

"I Finish Strong"
The crowd, almost 100 per cent on his side, booed lustily when Flores' decision to stop it was concurred in by ring physician Dr. Robert Laddon.

"I finish strong," Elorde declared in his dressing room. "The eye was not bothering me. He never did hurt me."

Dr. Laddon disagreed on his third look at the cut. Twice previously—in the 10th and 11th rounds—Flores had stopped the action for an examination and both times Dr. Laddon sent Elorde back. In the 13th, at the obviously worried Flores' request, he called a halt.

Saddler Is Boos
Saddler, whose fighting tactics brought frequent boos from the crowd, took full advantage of the bleeding cut to swing the fight in his favor. Several times in the clinches the crowd thought he was using his thumb to rub across the eye. When he was in the open, the champion shot left after left into the Filipino's battered face.

Young Elorde was leading on Flores' card and those of both judges—Eddie James and Johnny Bassinelli—by 50-49 at the end of nine rounds. Saddler won the final three by a 6-5 margin on all cards to finish with a 67-65 bulge. The Associated Press card showed Saddler in front 68-64 when it ended.

Elorde's manager Lope Sarreal declared, "We would like to fight Saddler again but I don't believe he'll agree to it because Elorde is too good."

\$25,000 For Winner
Elorde was awarded a 10-round nontitle decision over Saddler in Manila.

Saddler said he'd like a crack at Wallace (Bud) Smith's lightweight crown and his manager Charles Johnston agreed it was a good idea.

"No featherweight can punch with Sandy," Johnston said. "He's as strong as any welterweight."

The approximately 5,000 who saw the bout paid \$28,273. Saddler had a \$25,000 guarantee. Elorde's take was not estimated.

Champion Skater Suffers Cut Leg

CORTINA D'AMPEZZO, Italy (AP)—World figure skating champion Tenley Albright of Newton Center, Mass., gashed her right leg seriously today while training for the 1956 winter Olympic games.

The pretty, 20-year-old brunette, regarded as a cinch for an Olympic gold medal, was injured this morning.

A skate struck a hole in the ice. In falling the sharp point of a skate cut her right leg above the ankle.

Dr. Giuseppe Gasparini, the U.S. team physician, said there appeared to be no muscular or bone damage but that Miss Albright suffered a severe flesh wound.

It was not immediately determined whether the injury would keep her out of the Olympic games opening Jan. 26.

Postpone Action In Slaying Of Couple

ANDALUSIA, Ala. (AP)—Grand jury action in a 1954 double slaying in which three men are charged with murder has been postponed.

The Covington jury reported yesterday it plans further investigation into the fatal shooting of Charlie Mallory, 76, and Mrs. Velma Howard, 46.

Their bodies were found on an old logging road on the outskirts of Andalusia Oct. 18, 1954. Each had been shot twice in the head with a .22 caliber rifle.

Charged in the case are Grant Cooper, 36; Albert C. Rothman, 23, of Holmes, Pa.; and Stokes E. Apkin, 40, all former residents of Mobile, Ala.

Apkin was arrested in Chicago in October and Rothman surrendered in Philadelphia in November.

Sheriff Cliff Meredith said Cooper now serving a life term in a Mobile murder, signed a statement that the three killed the couple Oct. 16, 1954, in a robbery.

Dr. Laddon disagreed on his third look at the cut. Twice previously—in the 10th and 11th rounds—Flores had stopped the action for an examination and both times Dr. Laddon sent Elorde back. In the 13th, at the obviously worried Flores' request, he called a halt.

New Poisons Make Rat Control Easier, County Agent States; Lists Tree Planting Program

By FRANK S. ZETTEL
Adams County Farm Agent

Rats will chew a big chunk out of Adams County's farm profits again this year unless they are controlled.

Winter is a good time to take definite steps in ridding farms of these costly rodents. Rats and mice consume a lot of grain and feed, and they also carry diseases of livestock and humans and contaminate large quantities of grain. Any grain, like wheat, which contains rodent, bird or insect contamination is unfit for human consumption and is only good for feed.

New developments in the field of rodent poisons make it possible to control the most severe rat and mouse infestations. Poisons like warfarin and pival are very effective and safe when used properly. Warfarin and pival are available ready mixed, as ready-to-use baits, or as concentrates which must be mixed with a suitable food like corn meal or rolled oats.

The secret to success in using these poisons, which are anti-coagulants, is to put them where the rats can eat regularly and to use plenty of bait so that the rodents

want to get your trees off to a good start.

Look around the farm and choose plant. Steep slopes, land low in fertility and isolated corners cut off by roads, contour strips, and ditches are areas where trees will be profitable.

Choose trees that are best suited to your area and type of soil, and that will grow the product you're looking for.

Decide on the species and number of trees you need, and order early while the state nurseries still have a good supply. February 15 is the final date for applications to the State for free tree seedlings. Order blanks are available in our office.

A few other things you'll want to do before planting time are to fence the planting area, construct fire breaks and arrange to get the planting work done. Some private nurseries rent tree planting machines and some will even do the work for a reasonable fee.

Molasses For Your Cows

Molasses is one of the most economical sources of nutrients for dairy cows at the present time. It's a wonderfully palatable product, which you can feed on the roughage, or put in the grain mixture. In fact, some dairymen are self-feeding molasses in various ways.

Sprinkling molasses on hay or silage is an excellent means of increasing the consumption of fair or poor quality roughage. Doing this will increase the nutrient intake of animals fed inferior roughage.

If you include molasses in the grain mixture, it'll increase the taste-appeal and extend your supply of home grown grains. In most cases, using 80 to 100 pounds of

FORD HOLDERS REAP PROFIT

NEW YORK — The thousands of persons over the country who managed to get a portion of the new Ford Motor shares had an immediate profit Wednesday.

Even before managers of the huge underwriting had closed the books on the offering, the stock was selling at a premium of more than \$5 a share. In the over-the-counter market this morning, the shares were quoted at \$70 bid, \$70.25 asked.

Dealers said trading was fairly active.

Shares Sell For \$64.50

Limited buying and selling of the stocks started late Tuesday immediately after clearance by the Securities and Exchange Commission of the 10,200,000-share offering at a price of \$64.50 a share. Trading in the shares began in

Montreal and Toronto Tuesday, but dealers there Wednesday were described as on the quiet side.

In London, unofficial trading got under way with the shares changing hands at \$72.80 a share. Later the price backed to \$70.

Give Time Limit

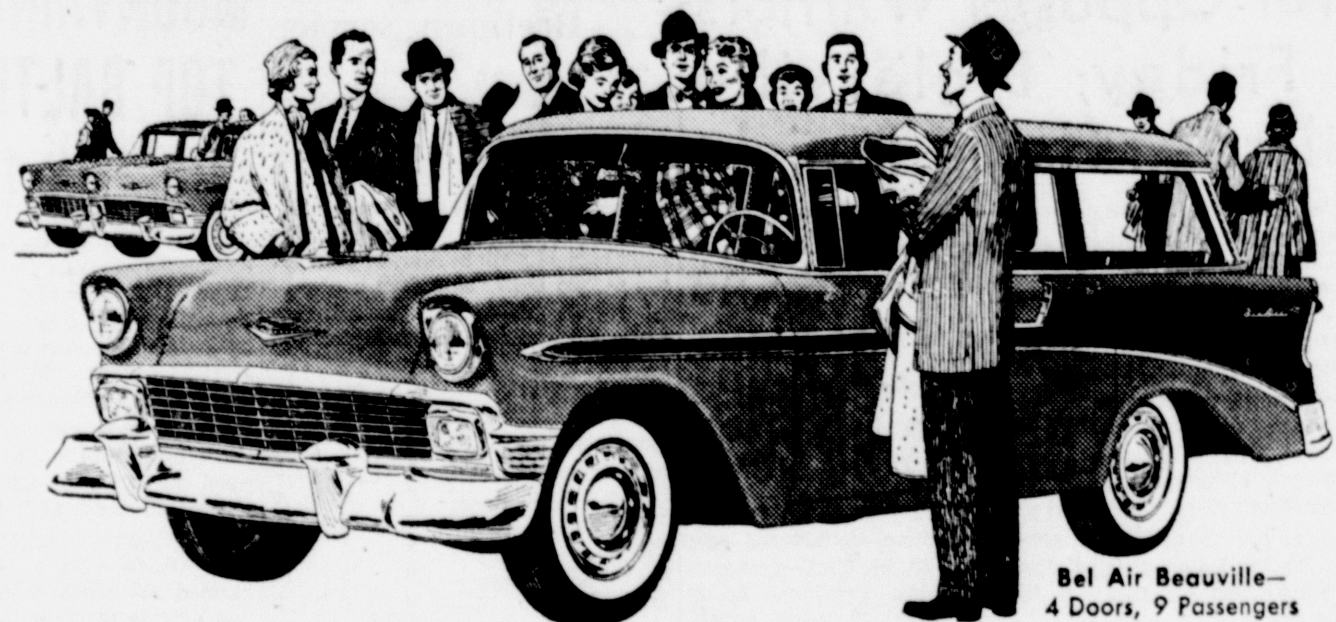

Underwriters said the subscription books for the offering had not been formally closed because they did not know yet what amount of stock Ford dealers would order. They have been given the opportunity to buy a total of 1,500,000 shares. The dealers had until 4 p.m. EST Wednesday to place their orders at the offering price.

U.N. NEAR VOTE CONDEMNING ISRAEL RAID

By WILLIAM N. OATIS
UNITED NATIONS, N. Y. (AP)—The U. N. Security Council moved closer today toward a vote condemning Israel's Dec. 11 raid on Syrian outposts northeast of the Sea of Galilee.
The attack killed 56 Syrians and six Israelis. Syria called it aggression.

sion. Israel said it was necessary to end Syrian firing on Israeli fishing and police boats on the inland lake, which is inside Israel near the Syrian border.
The council was sure to condemn the attack in a formal decision, since all its 11 members had done so in speeches. It had three rival resolutions to choose from.
Introduced Compromise
Joza Brilej of Yugoslavia introduced the third as a compromise between the stiffer proposal put in by the Soviet Union and a somewhat milder one from the United States, Britain and France. Western observers feel that the Soviets through their

resolution are trying to win Arab favor as part of their current cold war offensive in the Middle East.
The Yugoslav resolution would have the council say Syria "is entitled to compensation" in the case. The Soviet resolution would have it decide "Israel should pay adequate compensation."
Same Words Again
The Western proposal says that if Israel disregards international obligations hereafter, the council "will have to consider what further measures are required." At the Soviet's request, the words "under the charter" were added.
The same words occur in the Yugoslav document. The Soviet

resolution warns Israel another such attack could make her liable under the U. N. Charter provisions authorizing the council to invoke diplomatic blockade, economic boycott or even force against an aggressor nation.
BERLIN (AP)—Communist East Germany's lower House of Parliament voted unanimously Wednesday to establish a "peoples' army" and defense force.
The action was taken only a few hours after the Communist government requested creation of the land, sea and air force.

Ridgway To Tell Facts To Congress

WASHINGTON (AP)—Gen. Matthew Ridgway is willing to tell Congress—as he told magazine readers—about his budgetary problems as Army chief of staff.
Rep. Sikes (D-Fla.), announcing Ridgway's acceptance yesterday of an invitation to appear before an Appropriations subcommittee Sikes heads, said a mutually agreeable date will be fixed later.
The former Army head wrote in a Saturday Evening Post article this week that the Defense Department had tried to pressure

him to fit his views to a "preconceived politico-military 'party line,' based on budget needs."
Secretary of Defense Wilson has said he doesn't recall putting pressure on Ridgway, but conceded the general had not agreed with some department decisions.

PACKAGE OF FARM BILLS BEFORE HOUSE

HARRISBURG (P) — The House has before it today a package of administration farm bills which Gov. Leader hopes will "create the best possible climate for farming in the state."

One of the measures, submitted Tuesday night only one day after the governor sent a special farm message to the Assembly, calls for the first revision of the state's general food law in 47 years. The statute guarantees the purity of foods and beverages sold in Pennsylvania.

Would Require Bonding

Other proposals in the package would:

1. Require the state bonding of all cooperative agricultural associations.
2. Require the bonding of dealers in farm produce.
3. Require state registration of each brand and grade of commercial fertilizer being offered for sale in Pennsylvania.

Follows U.S. Law

The proposed food law follows provisions of the Uniform State Food, Drug and Cosmetics Act drafted by the Assn. of Food and Drug Officials of the United States. Leader said it would provide broader definitions of adulteration and misbranding and make it un-

lawful to advertise falsely.

On the advertising ban, however, no publisher, television or radio station would be liable for false advertisements unless he refused to furnish the agriculture department with information on the person who placed the ad.

The measure would bring the current law into conformity with present day food standards.

Cooperative Effort

The Agriculture Department would be authorized to consult with the food processor and farmer to establish standards and to draft necessary regulations. The bill was written through the cooperative effort of the public health law research project of the University of Pittsburgh and farm authorities from Pennsylvania State University and the Agriculture Department.

Twenty-nine states have similar legislation modeled after the uniform food law.

Requires Surety Bond

The bonding bills would require a surety bond equal to the total volume of business done by a dealer or association in a peak month or \$25,000, whichever is smaller.

Object of the bonding would be to assure the faithful accounting for and payment to producers of all products handled or sold by the association or dealer.

The governor urged support of the bonding proposals "to protect our Pennsylvania farmers against losses arising out of financial failure of those to whom they have sold their crops."

"UNCLE BILL" IS KISSED BY YANK

CRESTVIEW, Fla. (P)—The War Between the States is finally over as far as one of its veterans is concerned. He's been kissed by a Yankee.

William Allen (Uncle Bill) Lundy, surrendering to Northern charm, received the kiss from Miss Terry Broderick, 20-year-old Ohio State coed, at his 108th birthday anniversary party yesterday.

"That's the first time that I know of that I was ever kissed by a Yankee woman," he said. "Liked it fine."

"I love everybody," he said. "Glad to be here."

Uncle Bill, one of four survivors of the war which ended almost 91 years ago, repeated his recipe for longevity: "Look after your own business, keep away from doctors and look at every pretty girl you see."

Evans Succumbs After Pike Mishap

LANSFORD, Pa. (P)—Richard H. Evans of Coaldale, son of former Turnpike Commissioner Thomas J. Evans, died Wednesday in the Coal-dale Hospital of injuries suffered in an accident January 9 on the northeast extension of the turnpike.

The accident, first fatal mishap on the extension, took the lives of two Philadelphia men. It occurred just north of Shilmerville road overpass, near Quakertown.

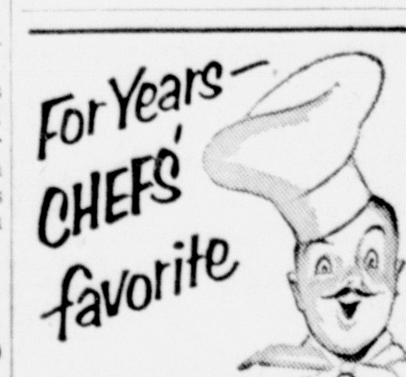

DENVER (P)—Burglars entered a business establishment here early yesterday and lugged away two 100-pound tombstones.

Gunther Will Run For 'Sake Of GOP'

PHILADELPHIA (P)—State Superior Court Judge Blair F. Gunther, by-passed when Pennsylvania's Republican leaders slated candidates for the April primary, said Wednesday he planned to stay in the race for the nomination for the state Supreme Court.

Gunther, in a brief address Tuesday night following a dinner of Philadelphia Republicans, asked for support "not for the sake of ambition, but for the sake of the Republican party." He added:

"The elephant is in need of a hypodermic needle to rejuvenate it."

Weather Balloon Falls Into Ocean

YOKOSUKA, Japan (P)—The Navy said its first transpacific weather balloon collapsed at sea Wednesday about 600 miles north-northeast of Hawaii.

The unmanned balloon was launched early Tuesday, the first of 20 the Navy plans to send from Japan to the United States to monitor weather information.
Lt. Cmdr. M. Lee Lewis blamed the failure on a jammed timing clock, which opened a parachute,

dragging the balloon into the sea. If successful, the balloon would have reached western Canada about eight hours later and would have hit the United States near Chicago.

TRUMAN CLAIMS CHINA COULD HAVE BEEN FREE

By ED CREAGH

WASHINGTON (AP)—Ex-President Truman says he is sure China could be a free, unified country today but for Chiang Kai-shek's refusal to accept a peaceful agreement with the Communists.

He says the Chinese generalissimo's "attitudes and actions were those of an old-fashioned warlord, and, as with warlords, there was no love for him among the people."

In a new installment of his memoirs, appearing in Life magazine out today, the former President says perhaps Chiang's greatest mistake was failing to heed Gen. George C. Marshall's advice when Truman sent Marshall on a "peace" mission in 1946.

Truman blame "extremists" on the Communist side as well in the Nationalist camp for the failure to reach an agreement. He adds, however: "There is no doubt in my mind that if Chiang had been only a little more conciliatory, an understanding could have been reached."

Chiang Kai-shek would not heed the advice of one of the greatest strategists in history and (as a result) lost to the communists.

Marshall's hope was to get a coalition government formed but Truman says Marshall was unable, in the end, to persuade Chiang that (1) military force wasn't the answer to his problem and (2) he would lose to the Communists if he insisted on waging war against them.

Stirs Old Feuds
Truman contends that if a coalition had been formed, there was no reason Chiang couldn't have won out over the Reds in the long run just as various non-Communist governments in Western Europe have done—if he "attended to the fundamental needs of the people and the country."

Truman stirs the embers of some old personal feuds — with Bernard M. Baruch and Patrick J. Hurley—in the current installment.

He said he had to make it plain "in a very polite way" to elder statesman Baruch that the President and not Baruch would decide what the latter's duties should be in preparing the international atomic energy control proposals which became known as the "Baruch plan."

No Basis For Spite
Actually, Truman says, Baruch's main contribution was putting into final form the ideas of others—chiefly Dean Acheson, then undersecretary of state, and David E. Lilienthal, then chairman of the Tennessee Valley Administration.

In New York, Baruch replied with a statement challenging Truman's version and commenting that "history will show no basis for this display of personal spite."

He said that when he discussed his assignment with the President and asked who was to draft a policy, Truman replied, "Hell you are."

Truman later read and approved in full the report that "was submitted, Baruch said.

As for Hurley, Truman says the onetime general made an "utterly inexplicable" attack on the administration, and on him personally, less than two hours after promising the President he would leave for China shortly to make another peace-seeking try.

Truman said he was all set to fire Hurley when the general quit. That's how it happened that Truman brought Marshall out of retirement late in 1945 and sent him on the Chinese mission instead.

Also In 1939, 1948
He became governor in 1939 when Gov. Richard Leche, caught up in the Louisiana scandals, resigned. Leche later went to the penitentiary. None of the scandals touched Earl. But when he ran for a full term in 1940 he lost.

He won in 1948, served until his term was up in 1952, and, because a Louisiana governor can't succeed himself, had to wait until now to try again. Russell won a Senate seat in the national election in 1946 for an unexpired two-year term, won a full six-year term in 1950, and this year must face the voters again.

George was elected to Congress in 1952 at the age of 68. He won re-election in 1954 for a term expiring this year.

Not Like Huey
Huey's political control of the state hasn't been matched by any of his family, nor has any of them come close to matching his national prominence. But none of them has tried to be another Huey.

Huey was daring, ruthless, a rabble-rouser, and brilliant in a particular kind of way. His energy was endless, like his ambition. He had fantastic power in the state. He hungered for more. His minimum goal was the White House.

It is no mystery how he made his name political magic. He did many things for the people in a state which was so shabby and backward when he was elected governor in 1928.

Not As Ambitious
Russell Long looks like his father but isn't in most ways. Huey was feared in the Senate and was himself afraid. He walked surrounded by bodyguards. Russell is liked in the Senate and acts as if he wants to be liked. He doesn't make much noise.

Huey was an enemy of President Roosevelt. His son is pretty much a political conformist. Rep. George Long doesn't try to be a heavy-weight.

Like Huey, Earl talks in terms of poor people. A record number of Negroes, 154,000, registered to vote in this election. Mrs. Margaret Dixon, managing editor of the Baton Rouge Advocate, told this writer Long got the Negro vote.

Why? Long and his four opponents all came out for segregation. But Long, in his 1948-52 term as governor, got old age assistance raised and equalized the pay of white and Negro schoolteachers. Earl may not try as hard as some other Southern governors to frustrate the Supreme Court's ruling against segregation in public schools.

8th Reorganization Plan Being Studied
HARRISBURG (AP)—Gov. Leader's eighth government reorganization plan, asking that the responsibility for handling federal surplus property now distributed to schools by the Public Instruction Department be shifted to the Department of Property and Supplies was submitted to the legislature Tuesday night.

Negative action by either house is enough to kill the measure under a 1955 law. If neither chamber acts within 30 days the proposal would become effective automatically.

EARL LONG IS LOUISIANA'S GOVERNOR AGAIN

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP)—The political dynasty set in motion 28 years ago by Louisiana's Sen. Huey P. Long is still formidable instead of fading since he was shot to death in 1935.

This week Huey's brother Earl, 60, was re-elected governor of the State. Huey's son Russell, 37, is a U.S. senator from Louisiana. Huey's other brother George, 72, is a congressman from Louisiana.

After Huey was assassinated 21 years ago at Baton Rouge, his political heirs ran Earl for lieutenant governor on their ticket. They needed the magic of the Long name.

JUDGE TO LEAD
CANCER DRIVE

Judge Robert C. Woodside, of Millersburg, has been appointed 1956 Cancer Crusade Chairman for the eight-county southeast central area of the Pennsylvania Division of the American Cancer Society.

State Campaign Chairman Fred Waring announced Judge Woodside's appointment today following a top-leadership planning conference held in Harrisburg to organize for the April combined educational and fund-raising campaign.

Chairman Waring announced a \$1,440,000 goal for this year's Cancer Crusade. "When the staggering annual toll of 230,000 lives and 8 billion dollar economic cost in the United States is considered, our Pennsylvania goal for 1956 amounts to only a token payment on our debt to our fellow men and our children and grandchildren for whom we are laying the foundation for a cancer-free future," Waring stated.

A chairman for the Southeast Central Area, Judge Woodside will coordinate Cancer Crusade activities in Juniata, Perry, Snyder, Dauphin, Cumberland, York, Adams and Lebanon Counties. Judge Woodside will meet with campaign chairmen for these counties and leaders from twenty-four counties in the eastern part of the state at a training workshop to be held at Hershey, January 27 and 28.

Judge Woodside is a distinguished member of the legal profession. He is a judge of the Superior Court of Pennsylvania and has been attorney general of Pennsylvania, and president of the Pennsylvania council of Juvenile Court Judges. He was president of the Pennsylvania Industrial School trustees, and has been a common pleas judge and legislator. Judge Woodside received his law degree from Dickinson College in 1923, and in 1953 Dickinson conferred on him the honorary degree of doctor of law. He is a member of the Dauphin County, Pennsylvania, and American Bar Associations.

ENOUGH TINDER IN MIDDLE EAST TO START WAR

By SEYMOUR TOPPING

BRADFORD, England (AP)—Warning that there is "plenty of dry tinder" in the smoldering Middle East to touch off World War III, Prime Minister Eden said last night fear of nuclear reprisal is still the chief deterrent to global conflict.

Speaking at a Conservative party rally, Eden warned against over confidence that the danger of general war has receded. "I do not want to be misunderstood," he said. "The risk is always there and a universal explosion could easily be touched off by hostilities in some critical region such as the Middle East."

Nuclear Weapons Deter
"If there is less fear of world conflict today," he said, "it is due to the deterrent of nuclear weapons. Remove the deterrent or take risks in pretending the deterrent is not there, and the world outlook would be terrifying indeed."

"The justification for both atomic and hydrogen bombs is that they are deterrents so awful no country will risk their use against itself."

In an apparent turnaround of Russia's demand for an end to hydro-

Fireman Is Victim In Fake Accident

TAMPA, Fla. (AP)—In case you're wondering how long it takes a fireman to get out of bed, dress, slide down the pole and reach the fire truck, the time is 11 seconds. Bruce Roberts, Tampa Tribune photographer, filmed and timed the process in a Tampa firehouse.

gen bomb tests, Eden said Britain intends to go ahead with the development of its own H-bomb.

"It becomes increasingly unlikely any country possessing hydrogen bombs would deliberately use it against a rival power that owns it also," he said. "We intend to own it also."

Eden's speech had been widely viewed as the opening gun in a campaign to rebuild his government's prestige, which recently has hit a low point at home because of spiraling domestic inflation and Soviet gains in the Middle East.

But the Prime Minister's pledge of alert resistance to rising prices at home and Red aggression abroad aroused only lukewarm enthusiasm in the British press. Eden assailed Soviet bloc moves to build up influences in the Arab states by sale of arms and other inducements.

"Governments should beware," he warned, "lest in trying to undermine long-established friendships between others, they embroil themselves in graver perils."

Self-Medication

It has been wisely said that the person who practices self-medication has a fool for a patient. The complexities of the human body and its physiology are legion. It is therefore obvious that those who attempt to treat themselves are courting disaster.

Your family physician, with his years of education and experience, is the only one to whom you should turn in times of illness. He is as skilled in his profession of medicine as we are in our profession of pharmacy.
